C++	<div><div></div></div>

## OBJECTIVE

- To gain confidence and fame using my potential in the field of "Web Development", and express my innovative creative skills for self and company growth,
- To obtain a challenging position to the best utilization of my skills and looking for opportunities to grow my technical and managerial skills and ready to fulfil organizational goals.
- Highly motivated software engineer seeking new opportunities to utilize my coding skills in the creation of meaningful software applications.

## EXPERIENCE

### Powerapp Developer

MAY 2022- OCTOBER 2022

- A good team player responsible for delivery of powerapp development, solutions, software requirement, specification and documentation.
- Using Power Apps, i can quickly build custom business apps that connect to your data stored either in the underlying data platform (Microsoft Dataverse) or in various online and on-premises data sources (such as SharePoint, Microsoft 365, Dynamics 365, SQL Server, and so on).

## PROJECTS

### ◦ LMS(Lead Management system)

AUG 2022- OCT 2022

We had total five teams, according to whose requirement we had to prepare this project from research to graphic team. We had to create a proper flow in this project from data collect to data filter and then convert to lead according to response.

### ◦ OTT Platform

Final year Project

This is my final year project and the name of the project is "LET'S PLAY". my role in this project to design the front-end part of this project with the help of HTML,CSS, BOOSTRAP by using VISUAL STUDIO CODE.
